In re PANIGRAHY ET AL., Application No. 10/801,907  
Amendment A

**REMARKS**

The Office action dated February 20, 2007, has been fully considered. In response, please enter the amendments and consider the following remarks presented herein. Reconsideration and/or further prosecution of the application is respectfully requested.

Applicants have amended the claims in order to: correct typographical errors in claims 1, 3, 4, 5, and 6; adjust the current wording of claim 5 to follow Applicant's preferred Beauregard style; and added new claims 24-25, which are apparatus claims directly based on claims 3 and 4, with support provided at least by original claims 3 and 4 and, for example, FIG. 4A and its discussion on pages 23-24 of the originally filed application. No new matter is added.

In direct response to the restriction requirement set forth in the Office action, Applicants have elected Group I as defined by the Office, and therefore, cancel herein claims 7-23 designated in the Office action as being in Group II or III. Additionally, Applicants submit that new claims 24-25 should be considered as part of Group I, as they are a claim format variation of original claims 3 and 4.

Applicants respectfully request further prosecution of the application.

Also, the Office is invited to call the undersigned attorney, if the Office believes that a telephone conference would expedite the prosecution of the subject application, as Applicants are open to discussing, considering, and resolving issues, especially given the long duration for which this application has been pending.
